

- An *MHMR organization* faces a \$61,000 increase with state-offered unemployment costs. They call Allied—and **save \$19,000.**
- Another *MHMR organization* **saved over \$90,000.**
- A *women's shelter* invites Allied to review their unemployment insurance needs—and **saves \$6,270** when Allied offers them a partially insured option.
- A *family services organization* turns to Allied for unemployment costs—and gets a two-year guaranteed rate that **saves them \$17,951.**
- A large, *local nonprofit organization* **saved over \$100,000.**
